

Ferti-Organic

Ferti-Humate is organically extracted from vegetable and plant residues and created through a unique fermentation process that makes it ideal for organic agriculture.

Additionally, it is compatible with most liquid fertilizers, pesticides, herbicides and defoliant. However, if the desired combination has not been previously used, a compatibility test is highly recommended.

Ferti-Humate

0.56-0-0

Guaranteed Analysis

Total Nitrogen (N) 0.56%
0.55% Water Soluble Nitrogen
0.01% Water Insoluble Nitrogen

Derived from decomposed plant residues
ALSO CONTAINS NON PLANT FOOD INGREDIENT

1.35% HUMIC ACID
Derived from decomposed plant residues

GENERAL APPLICATION RATE

Foliar: 400 grams/ acre
Root-drip irrigation: 800 grams/ acre

Disposal may be on-site or at an approved waste disposal facility (please see SDS sheet).

Store in a cool, dry dark place.

Net content 50 lbs /22.68 kg
